

Design a modern fitness tracking app to boost daily motivation and progress

FitTribе is a modern fitness app designed to make workouts simple, guided, and consistent. The app helps users avoid overwhelming workout choices through personalised goals, structured training flows, and progress tracking. With a bold dark interface and energetic visual style, FitTribе creates a motivating and easy-to-use fitness experience.

Strategy

- User-Centered Design
- Goal Definition
- Feature Planning
- User Journey Mapping
- Product Vision

Research

- User Interviews
- Competitor Analysis
- Pain Point Identification
- User Personas
- UX Insights

Prototyping

- User Flow
- Information Architecture
- Low-Fidelity Wireframes
- Interactive Prototype
- Usability Testing

Design

- Design System
- UI Components
- Mobile Interface Design
- Visual Hierarchy
- Hi-Fi Screens

The visual direction of FitTribе combines a bold dark interface with energetic neon accents and custom fitness illustrations to create a modern and motivating atmosphere. The goal of this product is not only to help users achieve their fitness goals but also to build a sustainable and enjoyable fitness routine.

Understanding users' fitness struggles helped identify major pain points in existing workout apps.

Identifying users' fitness struggles helped shape a simpler and more guided workout experience.

Problem
Many fitness apps overwhelm users with long onboarding, too many workout options, and confusing navigation. This makes it difficult for users to know where to start and stay consistent with their fitness routine.

Solution
FitTribе simplifies the fitness experience with quick onboarding, guided workouts, and clear progress tracking, helping users stay motivated and consistent with less confusion.

These personas represent users who want a simpler, more focused, and efficient workflow experience.

Aarav, 21
College Student
Motivation
To stay fit and build muscle while balancing studies and a busy college schedule.
Expectations
Quick workouts, simple guidance, and progress tracking without complicated setup.

Neha, 27
Graphic Designer
Motivation
To maintain a healthy routine while working long hours from home.
Expectations
Easy-to-follow workouts, flexible routines, and motivational progress insights.

Rohan, 32
Office Worker
Motivation
To stay active and reduce the effects of a sedentary lifestyle.
Expectations
Structured workout plans that are simple, fast, and easy to follow daily.

Kavya, 24
Freelancer
Motivation
To stay consistent with workouts without feeling overwhelmed by fitness apps.
Expectations
Clean navigation, guided workouts, and personalized fitness recommendations.

A simple onboarding flow that helps users get started quickly with personalised fitness goals and recommendations.

This app flow represents users who want a simple, guided, and efficient fitness journey, helping them move from onboarding to progress tracking with clarity and ease.

This design system defines the core visual elements of FitTribе, creating a cohesive, recognisable, and user-friendly experience across all screens

Thanks for watching

I'd love to hear your thoughts, feedback, or suggestions on how I can make it even better.

Your support keeps me motivated. ❤️
